Government flats in Vasant Vihar, New Delhi is of so poor quality from inside and outside that the newly built quarters are having a shabby look;

(b) whether the white washing of these quarters were not checked by the Engineers concerned before giving completion certificates of these quarters;

(c) if so, the reasons therefor and remedial steps Government propose to take in the matter; and

(d) action Government propose to take aginst the officers/engineers responsible for the same?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI DALBIR SINGH): (a) It is not correct that the white washing of the Govt. flats at Vasant Vihar Colony in New Delhi is of poor quality. The white washing work was done as per the prescribed specifications. In fact the Govt. flats at Vasant Vihar were completed in October, 85 but could be released for allotment only after about a year on account of delay in availability of water. Since the white washing became more than a year old by the time the quarters were occupied, the allottees got the impression that the work was not upto the mark.

(b) The white washing work was duly checked by the Engineer concerned before accepting the same.

(c) Biannual white washing of these flats would become due in October, 1987 and the same will be done at that time.

(d) Question does not arise in view of reply against (a) above.
